**THE SAT
IS GOING
DIGITAL**

SAT April 9th / PSAT April 16th

April is the month for testing. No longer will you have to bubble in answer sheets. All testing is now digital for College Board. What is new with this format? Shorter test, only two hours instead of the previous three hours, and a countdown clock. **Just a reminder that the SAT School Day exam is required by the state of Illinois as a graduation requirement, the state pays for all juniors to take this exam at their high schools. ATTENDANCE IS MANDATORY!!** Also, SAT Prep will be offered for free after school. Please see Mr. Miller to sign up. College Board and Khan Academy is another form of test prep offered. It is strongly recommended that you take advantage of one of these prep opportunities to increase the outcome of your score.

ELIZABETH CITY STATE UNIVERSITY

Nestled in northeastern North Carolina, ECSU is the most affordable public institution in the UNC System. Size does matter, and ECSU's small size equates to one-on-one attention from professors. Students will know their classmates, their professors, and the ECSU staff committed to their academic success. Coming straight from high school or the military or transferring from a community college, students can obtain a baccalaureate, professional, or master's degree both on campus and online.

THE NC PROMISE TUITION PLAN

The **NC Promise Tuition Plan** means students pay tuition expenses of just \$500 per semester for in-state students and \$2,500 per semester for out-of-state students. This applies to all undergraduate students, online, transfer, freshmen, and currently enrolled students. Student fees, along with room and board costs will not be impacted. NC Promise dramatically reduces the expense of a college education, saving students at least \$10,000 over their four years of enrollment.
